ISBN : #0955599644 | Date : 2013-07-30

Description :

PDF-00a96 | The new edition contains a thorough revision of the 1st edition's content, which has been expanded appreciably, even though the number of chapters has been reduced to make room for the new material. The reader may find the new 1st chapter of the book most useful, as it gives an insight to the extent of problems with which a geotechnical engineer has to deal on an almost routine basis. It also pro... *Engineering Design in Geotechnics*
