Environmental Science in Building (Building & Surveying Series) PDF

by Randall McMullan : **Environmental Science in Building (Building & Surveying Series)**

ISBN : #0333732014 | Date : 1998-06-18

Description :

PDF-24df9 | This work examines the science and technology of those provisions and services that are required in the built environment. The main considerations are the effects of heat, light and sound within buildings. In addition other essential requirements such as supplies of electricity and water are discussed. While the basic structure of the book remains the same in this edition, all chapters are revised... *Environmental Science in Building (Building & Surveying Series)*
