by Milton E. Harr : **Groundwater and Seepage (Dover Civil and Mechanical Engineering)**

ISBN : #0486668819 | Date : 2011-11-02

Description :

PDF-bbc29 | The movement of groundwater is a basic part of soil mechanics. It is an important part of almost every area of civil engineering, agronomy, geology, irrigation, and reclamation. Moreover, the logical structure of its theory appeals to engineering scientists and applied mathematicians. This book aims primarily at providing the engineer with an organized and analytical approach to the solutions of se... *Groundwater and Seepage (Dover Civil and Mechanical Engineering)*
