Description :

PDF-b9c08 | International Freight Transport presents the key changes and issues in the fast-moving industries of trade and transport. It includes regional trade groupings, emergence of new large economies (i.e. BRIC countries), and pivotal regions such as the Middle East and Central America where major projects, such as new and widened canals, are underway or planned. These changes could redraw the trade map ... *International Freight Transport: Cases, Structures and Prospects*
