Description :

PDF-b1325 | For more than a century, we have relied on chemical cures to keep our bodies free from disease and our farms free from bugs and weeds. We rarely consider human and agricultural health together, but both are based on the same ecology, and both are being threatened by organisms that have evolved to resist our antibiotics and pesticides. Patients suffer from C.diff, a painful, potentially lethal gut... *Natural Defense: Enlisting Bugs and Germs to Protect Our Food and Health*
