Description :

PDF-2fd59 | The blaze of a log fire on a cold night speaks to the heart in a way no other flame can. It has character and ever-changing form; it has vibrant color and a balletic movement. Indeed, it was the flame that transformed the way life was lived on earth, but now that primary driver of evolution finds itself being extinguished in a modern world of microwaves and central heating. But the sight of a flam... *Playing with Fire: The Art of Chopping and Burning Wood*
