Description :

PDF-75ff3 | Ioan James introduces and profiles sixty mathematicians from the era when mathematics was freed from its classical origins to develop into its modern form. The subjects, all born between 1700 and 1910, come from a wide range of countries, and all made important contributions to mathematics, through their ideas, their teaching, and their influence. James emphasizes their varied life stories, not th... *Remarkable Mathematicians: From Euler to von Neumann (Spectrum Series)*
