Description :

PDF-59ddd | This definitive work is a major step forward in the study of the sailing warship. For the first time, the development of the line-of-battle ship is described precisely, in terms of individual ships and classes, highlighting the factors influencing specific changes in design. This sophisticated approach allows the author to tackle a great many myths-such as the static nature of eighteenth century ... *The Ship of the Line, Vol. 1: The Development of the Battlefleet 1650-1850*
