Description :

PDF-73ffd | There is more to listening than just hearing. A miraculous process that begins in the womb, learning to communicate is a vital part of expressing oneself and of understanding and interacting with the world. A child's ability to listen well affects every aspect of his or her life. But for some 1.5 million children in the United States who have normal hearing and intelligence, communication and l... *The Sound of Hope: Recognizing, Coping with, and Treating Your Child's Auditory Processing Disorder*
