ISBN : #0333804570 | Date : 2000-10-13

Description :

PDF-0b0bb | This second edition of Structural Mechanics is an expanded and revised successor to the highly successful first edition, which over the last ten years has become a widely adopted standard first year text. The addition of five new programmes, together with some updating of the original text, now means that this book covers most of the principles of structural mechanics taught in the first and second... *Structural Mechanics*
