: **Water-Works: The Architecture and Engineering of the New York City Water Supply**

ISBN : #1580931766 | Date : 2006-12-05

Description :

PDF-5add7 | The fresh, clean taste of New York's water is legendary. Less well known is the fascinating story of the massive program of exploration and construction that was required to achieve such purity. The story of that monumental undertaking is told in *Water-Works* and illustrated with an astonishing archive of drawings and photographs documenting the design and construction of dams, reservoirs, aqueduct... *Water-Works: The Architecture and Engineering of the New York City Water Supply*
